

TEACHERS,

In partnership with The Residency and Bloodworks NW, we will be bringing a show called *Where the Heart Lives* to our school. It is a one hour presentation featuring local diverse musical and spoken-word artists who communicate to students through the arts integrating mental health and wellness, incorporating community engagement, and positively impacting the community's health. The show may compliment an upcoming blood drive with Bloodworks NW and can inspire our students to participate.

Find out more about The Residency, Bloodworks, and *Where the Heart Lives* at bloodworksnw.org/scholarship

We welcome you to bring your class to learn and enjoy.

PERFORMANCE DATE:

LOCATION:

BLOOD DRIVE DATE:

THE RESIDENCY in partnership with BLOODWORKS NORTHWEST presents **WHERE THE HEART LIVES**, a year-long program to spark conversation and call-to-action with high school and college youth across western OR and western WA, inspiring wellness within themselves and our communities. Each event will integrate mental health and wellness, incorporating community engagement, impacting the community's health through blood drives, and feature live spoken word and musical performances by The Residency's artists.
